How to Get Started with Nexon Launcher

The Nexon Launcher is an application that helps install, update and launch your favorite Nexon games.
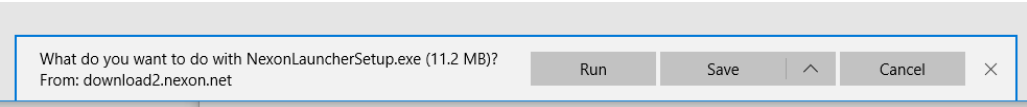

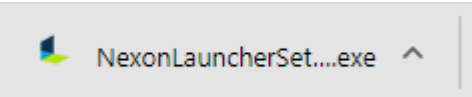

## Step 1. On the Nexon Launcher Splash Page, click "**Download Nexon Launcher**" to get started.
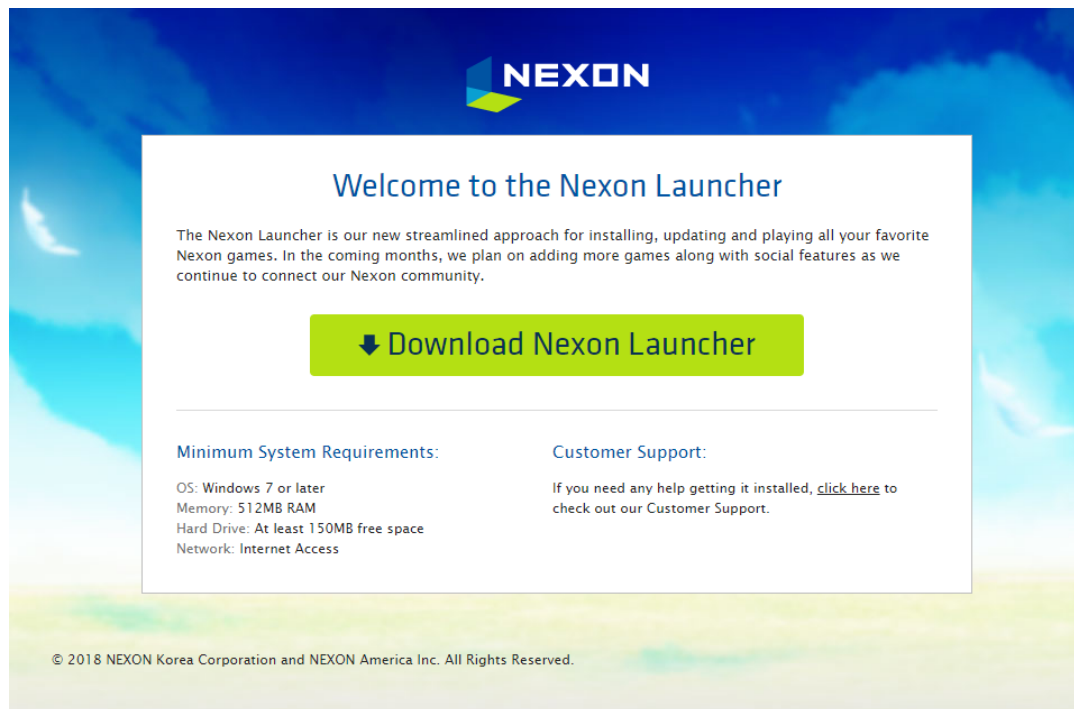

The file "NexonLauncherSetup.exe" will begin downloading. In some browsers, the file will download automatically, while in others you may be prompted to Save the file before download can begin.

Browser	Prompt
Firefox	
Edge	
Chrome	

Step 2. Save the File and Run the NexonLauncherSetup.exe to begin the installation.

Browser	Save and Run the File
Firefox	**Hover over the "Save File" button and click "Save File" to download the Nexon Launcher.** **Open the Downloads folder and click on "NexonLauncherSetup.exe" to open and begin the installation.**
Edge	**Click "Run" to open the file and begin the installation.**
Chrome	**Click "NexonLauncherSetup.exe" to open the file and begin the installation.**
